

ABOUT THE ESTABLISHMENT

Everything at The Establishment begins with fresh, seasonal seafood from in and around Charleston. Our relationships with local farmers and fishermen ensure that everything on your plate is always the best available. Our menu will always reflect our clean, non-complex, and balanced approach, delivering a selection of thoughtful and refined cuisine. Join us for a fabulous cocktail at the bar and sample small plates, join us at our chef's counter for the incredible experience of watching our culinary team in action, or have a relaxing meal in our dining room. [See website for more information.](#)
